Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work on I-88 near the US 30 connector west of Rock Falls will begin on Monday, May 11, 2015. Eagle Painting and Maintenance will be cleaning and painting the two bridges carrying I-88 over Elkhorn Creek. Located 5 miles west of IL 40, the \$466,285 project is scheduled to be completed by the end of July.

I-88 traffic will be restricted to one lane in each direction at the bridges. Drivers should be alert when driving through the area as the lane closures will affect traffic flow for the interchange ramps to and from US 30.

Please slow down and use extreme caution while driving through all work zones.
